

# A **COMPLETE** SOLUTION for AIRCONDITIONING

Authorized Distributors for Qatar Market

**OZONE COOL AIRCONDITIONING & TRADING W L L**  
Better Air Better Life

# ABOUT

Ozone Cool Airconditioning & Trading W.L.L provides complete HVAC systems for residential, commercial, and industrial applications. We are a group of technocrats based in the Middle East with more than 23 years of experience in delivering cooling solutions. We have a dedicated engineering team which provides technically advanced comprehensive air conditioning products and services with value added ecofriendly solutions. This includes planning, design, installation, commissioning, project management, product trade and maintenance of HVAC systems

## COMPANY VISION

Ozone is an organization that is learning and growing every day. The company is committed towards caring for the community, developing its employees, delighting its customers and suppliers with personalized products and services and provides an excellent cost-effective and energy efficient design installation with complete solution in the building services industry. Our goal is to achieve the highest degree of comfort in every project.

## Corporate Brief.

Ozone cool has been operating since 2008 in India and UAE and since 2019 have expanded operations into the Qatar. With the support of our manufacturing partners and the aid of cutting edge technology we have evolved into a one stop shop for all HVAC solutions. As part of this, we are having association with one of the leading Air conditioners manufacturer Fujitsu General (O General ) Japan & with leading valve Manufacturer AVK. They are based in Denmark. We are their Authorized distributor for the Qatar market. Our expertise range from chilled water systems, VRF, Fresh air Solutions, Evaporator cooling solution, DX system etc. Ozone has successfully completed and delivered multiple projects for residential, palaces, mega villas, commercial and industrial. As a company that offers maintenance contracts for air-conditioning installation, we have the technical and financial capability to take on large HVAC projects of any size. We look forward to the opportunity of working with you on any current or future projects.

# Ozone Value Addition

## Project Stage

## Ozone Engagement

- Feasibility Study
- Budgeting
- Site Surveys
- Sustainability Evaluation

- Optimized Selection.
- Cooling load
- Connected Load optimization

- Best Price
- Specs Compliance

- Installation ,Engineering & monitoring from Ozone Commissioning
- Training to Facility Management team. Trouble shooting. Annual Maintenance Contract

# Quality Policy

Ozone Cool Electromechanical Works L.L.C. is committed to serving our customers with top-quality craftsmanship, on-time completion, and complete maintenance, backup, and air-conditioning services, with an emphasis on customer satisfaction.

## We will accomplish this by,

- Identifying the customer's needs through an efficient interaction/review process.
- Ensure contract specifications, as well as related legislation and safety standards, are followed.
- Assuring high-quality craftsmanship by providing sufficient training to employees and dispatching competent and trained workers for each trade. Creating awareness among all employees so that everyone is accountable for the quality of their job which results in an atmosphere that is always improving for everyone. We ensure a secure working environment with enough resources.

## Our Strength

- We have an experience of 25 years in the management sector
- Well Trained Project management team with good knowledge
- Dedicated team of Engineers to handle the design aspects and site management
- Senior technicians with more than 20 years of experience
- Well trained after sales service technical team.
- Dedicated AMC team for trouble free maintenance support

# Our Core Principals

01

## PROFESSIONALISM

We always commit to do our projects in a workmanship like manner.

02

## TEAMWORK

We know we can only succeed together or fail together as a team

03

## LEADERSHIP

Everyone in our team is a leader. We believe in leading from the bottom up.

04

## INTEGRITY

We believe in doing things right & within the confines of the laws of the land

05

## HONESTY

We always strive to be honest to our clients in project delivery.
